BULB SIZES

Gladiolus bulb sizes are measured in diameter only. (Large 1¼-in. up) — (Med. ¾-in. to 1¼-in.) — (Small ½-in. to ¾-in.) Priced 3-25c is 3 large bulbs for 25c, etc.—\$1.00 ea., 1 bulb for \$1.00—All varieties separately named and packaged.

A BULB BARGAIN is getting the most young, plump, healthy bulbs of the very best varieties—one that will give you the most beautiful bloom for your money. After all, it is the flowers you are after. While most bulbs will produce a good flower for several years, they never do as good after their first year of being a large size bulb. In ordering medium size bulbs the glad fan is quite sure of getting young stock, grown from the cormel or bulblett, that still have their best ahead of them. Like everything else Gladiolus bulb prices are based nationally on supply and demand, therefore, new introductions have to start out high. Many drop in price quite rapidly, while others, with their extraordinary appeal, remain higher for several years.

BUSINESS TERMS

(Please read carefully)

I take pleasure in presenting my 1951 Catalog for your approval and consideration in which is listed nearly 100 varieties of Gladiolus covering a wide range of colors and sizes. This listing doesn't contain all the good glads of today, but it does contain a great many of the proven superior, older varieties, as well as a few of the good new introductions.

Due to the costs involved I cannot accept orders of less than \$2.50, which are post-paid in the U. S. A. I can ship any order immediately but prefer to hold Parcel Post orders to northern states until danger of freezing is over.

I aim to send out only healthy bulbs, true to name, dusted for thrips, and will cheerfully refund the purchase price on any order found unsatisfactory on receipt, and promptly returned; but no guarantee of growth is implied in the sale (careless use of chemical dips and sprays make this mandatory) nor will I be responsible for the crop. All orders are placed with the above conditions, excepted by the purchaser; and all orders are accepted subject to stock and subject to prior sale. No order accepted for smaller quantities of a variety and size than quoted in list. No bulblet orders accepted after Apr. 1. Orders in the amount of \$5.00 or more accompanied by cash in full amount will entitle purchaser to select additional bulbs of their own choosing in the amount of 10 per cent extra. This offer DOES NOT apply to collections or wholesale list.

If you wish, enclose \$1.00 with order, balance shipped C. O. D. Colorado customers—Please do NOT forget the little matter of 2 per cent sales tax.
